

To reduce the suffering of the people affected by disasters through knowledge and protection interventions.

To Support the soc-economic recovery initiatives to develop communities' market capacity and entrepreneurs to find livelihood opportunities.

To provide civil society organizations and individuals with technical consultations and tools within the field of disaster management preparedness pre, during, and post-recovery phase.

To enhance the positive community participation in the targeted areas for better response and management.

**Samer Hallak**  
MEDIA Officer

When I took the photo, I felt the importance of this activity for the distribution of fire extinguishers and emergency equipment in any emergency or dangerous matter within this camps. This extinguisher can save a life of a person who would have lost it due to the poor conditions of the camps that are flammable and the fires spread rapidly.

## OUR PRINCIPLES

### 01 Humanity:

To reduce the suffering of the people affected by disasters through knowledge and protection interventions.

### 02 Impartiality:

we believe that there are no differences between people because of their nationality, race, religion, caste, or political affiliation.

### 03 Neutrality:

We maintain credibility by not taking a position for or against any party.

### 04 Commitment:

We devote all the capabilities, resources, and tools to provide the best performance and optimal services to all participating parties.

### 05 Inclusive:

We believe that partnerships with individuals, other organizations and communities promote creative and fruitful initiatives.

### 06 Respect:

We believe people affected by disasters can and should be empowered to contribute to relief, rehabilitation and development efforts.

### 07 Accountability:

we comply with all international humanitarian and professional standards with all parties according to Core Humanitarian Standards CHS, the international standards for quality and accountability for humanitarian work.
